# WHO IS MOONI

Life is about special moments and **sharing** spaces with those we love.

Here at Mooni, we **design** and manufacture contemporary LED lighting that combines illumination and sound to allow you to transform an ordinary space into an **experience**.

We have integrated **Scandinavian** design with innovation in our products that consume little to no electricity. **Embrace the feeling** of a shared space, **capture** the moment, have **fun**, and enjoy Mooni in any environment.

**Mooni. Making life's moments Brighter.**

# Functions

## Stereo Pairing

When you pair two Mooni speakers, they automatically sync together to bring you powerful stereo sound. Place them facing towards you on separate sides of the room and enjoy the listening experience.

## Charging

We have developed and patented our very own wireless charging technology. With a Wirefree Charging Plate hidden under the surface of a table or night stand, you can charge your Mooni by simply placing it over the hidden plate. Isn't that amazing? You no longer have to do the plug-in and plug-out dance. And of course if you are on the run, you can always charge your Mooni via USB. Charging has never been this easy.

## Splash proof

Got caught in a light rain or want to have the product close to the pool? All Mooni products are splash proof and are rated IP44.

## Control

Some things are just too complicated. The Mooni remote is ergonomically designed and allows you to make all your changes on a simple interface. Took your Mooni on an adventure but left your remote back home? No problem, you can change the most basic functions with a press of a button that is on every product.

## Illuminating

Every Mooni product can be illuminated in 9 different colors and 4 dynamic color modes. Looking for a soothing fade between colors or something that'll make you dance? We've got a mode for that.

## Speaker Lanterns

Mooni speaker lanterns provide both illumination and sound that allow you to elevate an ordinary space into an extraordinary experience.

Create the mood and personalize the moment when you stream your favorite tunes from your Bluetooth device. Indulge in powerful sound that is easy to operate, splash proof, and portable.

Select from a spectrum of 9 colors and 4 light modes to suit your mood. Relaxing night in? Set your lantern to blue and feel your senses calm. Having a party? We have dynamic light modes just for that. Adjust the brightness level so you can intensify the glow or cast a soft illumination to relax. Easy to operate and portable. On display or on the go, customize your moment anywhere by simply taking your Mooni with you.

A woman with blonde hair, wrapped in a white blanket, stands on a balcony at night. She is looking out towards the left. In the foreground, a glowing table lamp with a white, rounded shade sits on a ledge next to a wine glass. The background is dark with some distant lights.

## Table Lamp Speaker

218mm x 284mm

The Mooni Table Lamp Speaker features smooth, sculpted pine wood for a modern Scandinavian appeal. Personalize the ambience to suit the moment. Stream your playlist and relax with the soft glow in your bedroom, a romantic dinner, on the balcony... the possibilities are endless. Also fits nicely on a bedside table and makes a great night light as you can dim the brightness.

**TakeMe Speaker**  
183mm x 337mm

Take light and sound wherever you go. Our flexible rubber handle and durable lantern body is easy to carry along on your many adventures. Perfect by the pool, at the park, or anywhere you want to bring Moonii. Stream music and create a moment by bringing your TakeMe speaker anywhere you go.

Andale Speaker  
240mm x 332mm

Sleek and elegant. We found a perfect harmony designing the Andale speaker, uniting technology with Scandinavian design. Gorgeous in white illumination with your choice of color options to suit your mood. Create your moment anywhere by simply taking your Mooni® with you.

**Eclipse Speaker**  
239mm x 282mm

We designed the Mooni Eclipse speaker with two philosophies in mind: design and sound. The smooth curves and our signature pine wood handle blends in beautifully with your décor while the concave shape enhances and delivers powerful sound. The LEDs illuminating around the speaker create a ring of fire effect when set on a dynamic light mode setting.

The compact Mooni Eye Speaker adds a little personality to every setting. Bring Mooni along to the beach, a day at the park, anywhere you want to elevate the moment. Stream your playlist and turn up the fun for the whole family.

**Eye Speaker**  
239mm x 282mm

## OVO Mini Speaker

238mm x 392mm

## OVO Speaker

314mm x 507mm

The OVO Speaker by Mooni features sculpted wood arches for a modern Scandinavian appeal with each detail thoughtfully designed. Create the mood with a variety of colors and personalize the moment when you stream your favorite tunes from your Bluetooth device. Comes in two sizes.

When sound is the focus, the Visby speaker by Mooni delivers. The design creates a halo of color illumination that surrounds the speaker. The compact, pine wood handle provides more versatility in small spaces and travel. Create your moment anywhere by simply taking your Mooni with you.

**Visby Speaker**  
262mm x 232mm

## Lanterns

On display or on the go, Mooni lanterns offer a spectrum of colors and dynamic light modes that give you the ability to elevate an ordinary space into an extraordinary experience.

Not your traditional lamp. Mooni® lanterns provide illumination and allow you to create experiences, controlled by you. Select from a spectrum of 9 colors and 4 light modes to suit your mood. Relaxing night in? Set your lantern on blue and feel your senses calm. Having a party? We have dynamic light modes just for that. Adjust the brightness level so you can intensify the glow or cast a soft illumination to relax. Easy to operate, splash proof, and portable. Customize your moment by simply taking your Mooni® with you.

A glowing yellow spherical lantern with a wooden handle, sitting on a table next to a blue glass and plates of food. The lantern is the central focus, emitting a warm, bright light. The background is a dark, blurred outdoor setting, possibly a patio or garden at dusk. The table is covered with a light-colored, textured cloth. In the foreground, there is a blue glass partially filled with water, and two white plates with food, including what looks like lobster or seafood. The overall mood is serene and inviting.

**Eye Lantern**  
239mm x 282mm

Simple and playful. The Mooni Eye Lantern is lightweight and easy to carry, even for your little ones. The color illumination from this lantern will bring more personality to your patio, play room, or any area you choose.

## Table Lamp

218mm x 284mm

The Mooni Table Lamp features smooth, sculpted pine wood for a modern Scandinavian appeal. Personalize the ambience to suit the moment. Relax with its soft glow in your bedroom, watching TV, while enjoying a romantic dinner, the list goes on and on. Also fits nicely on a bedside table and makes a great night light as you can dim the brightness.

**OVO Mini Lantern**  
238mm x 392mm

**OVO Lantern**  
314mm x 507mm

The OVO Lantern by Mooni features sculpted wood arches for a modern Scandinavian appeal, bringing the best combination of design and function. Illuminate your surroundings and set the mood from a spectrum of colors and light modes. This size is great for bringing color and style into larger spaces.
